

WHAT DO I OFFER?

1

In addition to your costume, a costume bag and hanger is standard with every order. This is automatically included in the price.

2

You'll receive a care manual with every order. This tells you how to take care of your costume and what to do if anything breaks. I kindly ask you to read it.

3

Any leftover rhinestones will be added to your order in a small bag. Use them as extra's or for a small repair after a full skating season of wear and tear.

TERMS & CONDITIONS

4

Payment is done in two installments. The first installment is material and machine costs & a deposit of 50% of the making costs. The second installment is the other 50% of the making costs. Once you've paid the first installment, you're obligated to pay the second.

5

Fittings are mandatory. Usually only one is needed. If it's a technically complicated costume it might be necessary to schedule a second one. We'll discuss this in advance of course. Fittings can be done at my studio or at your place (travelling costs might apply).

6

The price of the rhinestones is an estimated number. If more stones than expected are needed it can increase within a margin of five to twenty euros. This will always be discussed with you before ordering any additional stones.

7

Please note that I will not be copying exact pictures or designs from others. It's not fair to other designer and I want every costume to be unique.

8

Orders shipped within the Netherlands will be sent within two days of the costume being finished and will likely arrive in a couple of working days. For orders outside the Netherlands, shipping may take longer depending on the country and shipping method.
